

The list below represents the left handed penny stacking abilities of our class

**5 12 13 15 24 26 30 38 38 40 40 41 47 50 50 52**

1. Make a modified box plot for the data. Sketch the plot on your paper.
2. Describe the box plot.(Shape/Center/Spread/Possible Outliers)
3. Find the five number summary for this data.
4. Are there any outliers? Remember you now have a formula that will tell you if there is an outlier. You should not be guessing.
